CWA/PRECISION STRATEGIES BARGAINING REPORT #2
MONDAY, JUNE 3RD, 2024

Dear fellow CWA members,

Your CWA bargaining committee met virtually Monday with Precision Strategies' management bargaining team. This was our second bargaining session.

CWA presented Precision Strategies with six new proposals covering the topics of Union Representation, Grievance and Arbitration procedures, Successorship, Personnel Records, and Employee Classification.

Precision Strategies countered the Union's proposals on the No Strikes or Lockouts, Recognition, and Dues Deduction articles from last week. They also presented a new proposal on Management Rights. The Union will review and respond accordingly.

The Company supplied information from our information request, and the Union will spend some time reviewing it.

Our next virtual session is scheduled for Tuesday, June 18th.

During the negotiation process, we must continuously demonstrate that we're united in achieving our goal of reaching a robust and fair contract. When you are asked to participate in a mobilization activity, please join us.

Your bargaining committee,

Lisa Fazzini-CWA Staff Representative-Bargaining Chair

Omer Qureshi

Sam Tuero

Chris Koh-Local 2336 Representative
